Update: owner found! She will be getting him tomorrow.

I have been trying to take care of a very malnourished, what appears to be a full blooded Australian shepherd. we have been calling him Red. He's super sweet, but wasn't taken care of at all. He had his first car ride yesterday, but warmed up to me and my husband inside of our home, very quickly. Poor fellow needs a safe place to stay with a big yard to run in, and patient, kind humans. Used to being around big dogs and geese, ducks, donkeys and horses. He loves my big dog, but is weary and growls at my smaller dogs. Good around children. I will be picky about where he goes due to where he's come from. Please share! Needs a furever home.

JAN 23, 2023 AT 2:35 AM

I did take the dog bc he is emaciated, covered in ticks, and has been staying at my work. I have no problem bringing your dog back if he's yours. No one has been asking about him. I didn't know if he was a stray or belonged to someone. It's extremely cold at night so I brought him home and was trying to find him a place. Are you the woman who has several loose animals behind us? I've never met you.

You can now message and call each other and see info like Active Status and when you've read messages.

You unsent a message

You will be arrested

Aa

6:07

Tiffany Terry Att...

You will be arrested tomorrow because I filed a police report. I have messaged every board member tonight telling them what you did

I'm also planning on getting your ass fired

Ma'am. I won't be arrested. I assure you. I took a stray dog home that wasn't taken care of. And I assure you that I won't be fired for taking care of an animal that needed it.

Bullshit lady you didn't know where he belonged because you said he was used to chickens and ducks you are going to be arrested tomorrow you just get ready

Believe me Gary Bennett

Believe me Gary Bennett got a message at midnight when I found out you stole our dog

He is used to chickens etx bc we have also have those running around at Sozo around him

Those are my Chickens you stupid woman

You just wait because I will be over there in the morning and your ass is going to jail along with your husband

I'm not stupid. We have a whole farm running around at Sozo and I don't know who they belong to bc someone doesn't keep them locked' ↓

Tiffany Terry Att...

What is your address because I'm gonna have Garland County meet me at your house right now you are a dog thief

You better be looking for a new job because I've contacted every board member and woke them up at midnight

I don't know who the hell you think you are but you don't pick up peoples animals when you know where they belong because you posted you knew where he belonged

Gary Bennett has been contacted Jerry Jones has been contacted and I contacted Brad and the sheriffs department will be over there in the morning to arrest you

Aa

6:07

Tiffany Terry Att...

I just told you, I'd bring your dog to you tomorrow. And I'd you keep calling board members, they won't be mad at me, they will be mad at you. I just said I'd give your dog back if you had proof he was years

I never posted saying I knew where he belonged. I said I had been feeding a stray for months

At my work

I guess we will see you in the morning because I'm having you arrested

I'll be glad to release him. He snaps at my little dogs. I'm just wanted him to be warm and fe

Aa

Tiffany Terry Att...

We have been looking for him for three days and you are going to get charges filed on you for this. All you had to do was ask Brad he would've told you where the dog belongs but you will not have a job after tomorrow I promise you

You will def see me in the morning. And if i see him Again out in freezing temps with no house, and his ribs are showing, or he has 10 ticks on him, cuts on his face, I will call animal control instead of bringing him home. Be a better dog mom.

You should be ashamed for threatening anyone with arrest for taking in an animal in that condition. You should l ↓ anking someone for taking care of

You should be ashamed for threatening anyone with arrest for taking in an animal in that condition. You should be thanking someone for taking care of him when you didn't

Thank you for admitting that you stole the dog it should be really easy for them to prove everything I just took a screenshot of all this and I'm printing it off so when the sheriffs deputy gets here in the morning and they arrest you they can take it with you and your husband's gonna be arrested to since he was involved

You are a piece of shit for stealing an animal a piece of shit

Good. I didn't say I stole the dog. I said he wasn't taken care of and assumed he was a stray. Knowing it was you all along is upsetting

He's not a stray and I think you know that because you posted it on your page where he was from. I have screenshots of everything. My kids have been crying looking for him. There's nothing else you can say to me you better have my dog back in the morning when you come to work because the sheriff's department is going to be here!!

SoZo men's Rehab

To: Richard McGrew <mcgrewrep22@gmail.com>

Mon, May 22, 2023 at 4:28 PM

I searched the courthouse records there is nothing from stopping SoZo from building a men's sleeping headquarters next door to my home. I have spoken with all of my neighbors they told me if I can get a petition started to stop they would gladly sign it.

I have had so many problems out of SoZo's in the last 6 years that I hired an attorney to write SoZo a demand letter to stop doing a list of things.

Since that letter things are getting worse. There are no rules or regulations about having a (fenced in) facility that I can find. I asked Gary Bennett when we got into it over the fence a couple weeks ago "why they didn't go downtown and use the old rehab center. It's empty and it would be plenty of space for them to grow. One of his directors replied, and said because we like it back here. I told him yes you like it because nobody says anything about what you're doing back here and you have no rules or regulations to follow you just run all over me these men roam all night long and our children are back here listening to y'all have sexual intercourse in the woods. Gary told me that none of the other neighbors had any problems with it and if they did, he surely wouldn't build back here. I went and asked every neighbor!! None of us want them back here. These guys are roaming all night and day. Tearing our road up. Constantly in my yard trespassing police reports have been made!! No one will do anything to them!! They coach our dogs over to pet them. Then I get tickets for my dogs being out of my yard. If there's anyway, you can guide me on telling me how to get a petition started, I would appreciate it. If there's anything you can guide me on how to get it, initiated into a bill to have these facilities, fenced in or away from children it would be really nice. Have a great day and thank you for everything. Sherrel Courvelle 501-408-8808

Sherrel,

Unfortunately if there is no bill of assurance there is nothing else I am aware of. There is no zoning laws in the county. They would have to break a criminal law. There may be a nuisance law. Have you called the County Judge? He may know of something I am not aware of.

Sher,

Please send me the name and location of this rehab? I will do some checking. If this is not in the city the only protection may be thru a Bill of Assurance if there is one filed with the deed. Also there is some protections for them as a group living under the Fair Housing Act. Is this Sozo? Please send me your phone number so I can contact you.

My neighbor is Melissa Irwin she will probably be sending you an email about this. Her address is 232 Nathan Terrace. If there is anything I can do to help like getting petition signed or anything I will do it. I will gladly do it. They are too many kids back here in this neighborhood. It's a constant freaking worry especially me being a single mom back here by myself. Thank you so much

6. Patients and/or agents of Sozo are roaming the properties at all hours of the night in violation of peace and dignity of my client and presumably your own curfew;
7. Patients and/or agents of Sozo have further trespassed by flying drones over my client's property;

8. Patients and/or agents of Sozo have engaged in intercourse next to my client's horse paddock; and

Please consider this a good faith request to address the concerns outlined herein. My client does not wish you ill will, nor does she desire to escalate this developing situation. However, the behaviors detailed herein must stop.

If you are unwilling or unable to correct the wrongful behavior detailed herein, my client is prepared to seek all available legal remedies, including but not limited to, seeking criminal citation with the Garland County Sheriff's Office, filing a complaint with the State licensing body providing you with license, and/or seeking relief in Circuit Court.

Mr. Crawford:

My name is Brad Lovan, and I am the executive director at Sozo Addiction Recovery Center. I recently received a notice of request to cease and desist certain behavior on behalf of Sherrel Courvelle. I am writing this email as our response to all allegations.

1. Sozo clients and staff never trespass on Ms. Courvelle's property. The only time a vehicle associated with Sozo has been on her property was when a Sozo board member, Jerry Jones, was told by Ms. Courvelle that he could park his work van right behind our fence while his contractor's rebuilt our privacy fence. Nobody associated with Sozo has ever hit/killed one of her dogs.
2. No Sozo trash has been disposed of in Ms. Courvelle's receptacle. It is actually the opposite. We have 8 trash receptacles, and I personally had to go retrieve two of our receptacles from Ms. Courvelle's front lawn. The city had to start numbering all our receptacles because she wouldn't stop taking them.
3. The mailbox has never been blocked by our trash receptacles. They stay on the west side of the mailboxes (ours included). The USPS can verify that we have never blocked the mailboxes.
4. We have never taken mail from Ms. Courvelle's mailbox. Occasionally the USPS has accidentally placed Ms. Courvelle's mail in our box, but it is immediately left in her box.
5. There are no large objects placed at the curb by anyone at Sozo. Anything that doesn't fit in the trash receptacles is hauled to the dumpster. We take pride in our business and that includes the physical plant.
6. Ms. Courvelle's animals have always been an issue for everyone in the neighborhood. Her dogs have bitten several clients and staff members at Sozo. Her geese, chickens, etc. defecate on our lawn, particularly on our basketball court leading into our office. We constantly have to spray it off. Her donkey and horses have eaten our garden for the past 3 years. We have recently filed two claims with animal control because she refuses to keep her animals off our property. Retired chief of police Ricky Middleton has also had to file a claim against her in the past. We are in no way enticing her animals, feeding them, or poisoning them. We want them off of our property.
7. We are a state-licensed and CARF (federal) accredited facility that is held to the highest standard. Our clients are under 24-hour supervision, and we have an 11 PM lights out policy that is strictly enforced. There are never clients roaming our campus at night. If they were, I can assure that Ricky Middleton would have done something about it a long time ago. We

CASE NARRATIVE:

Sheryll Corvell advised that she had her mailbox tied shut at the metal lips with two birthday balloons and the thin ribbons that come with them. Corvell advised that she had put up a game camera to catch the individuals at SOZO that have been messing with her things. Corvell advised that she has attempted several times to talk to the owner and the counselors without success of things changing. Corvell had the game camera pointed directly at the mailbox and while she was on the phone with me, she discovered that her SD card for her game camera had been taken as well. Corvell already has a lawyer for this ongoing situation and specifically requested an incident report due to past incidents.

January 2023 I filed a report about Tiffany Terry Attaway Stealing my son's service dog, Aussie. She worked at SoZo Rehab center.

I have made several calls to Garland County Sheriff Department about my neighbors trespassing- the deputy assured me he was making notes.

March 1, 2023, 11:17A.M. White Van parked on my property. I called 911. I was my neighbors SoZo men's rehab having someone fix their fence. Parked on my property. They moved when I yelled I was calling the Sheriffs department and I let my dogs out to bark at them. I called back to the sheriffs department and told the dispatch that the Van had moved.

March 23, 2023 called garland county about a man from SoZo trespassing in our back pasture.

March 25, 2023 called the sheriff department about 2 of SoZo's clients out in the woods next to my horses and they were having Sexual Intercourse where we could hear them and we saw them putting their clothes back on coming out of the woods.

i have made calls to 911 and the non emergency number. I would like a record.

CASE NARRATIVE:

Sheryll Corvell advised that she had her mailbox tied shut at the metal lips with two birthday balloons and the thin ribbons that come with them. Corvell advised that she had put up a game camera to catch the individuals at SOZO that have been messing with her things. Corvell advised that she has attempted several times to talk to the owner and the counselors without success of things changing. Corvell had the game camera pointed directly at the mailbox and while she was on the phone with me, she discovered that her SD card for her game camera had been taken as well. Corvell already has a lawyer for this ongoing situation and specifically requested an incident report due to past incidents.

Your rehabbers are up roaming around since 5 o'clock this morning. Garland County sheriffs department is on their way out here. I love how Brad emphasizes in this letter to my attorney that y'all have a strict compliance, and that Mr. Middleton wouldn't hear of it sunny Mr. Middleton does not back your facility.

In your own words, describe what happened

I have been having problems with animal services since 8/10/2018, but the most recent incident happened Monday May 22, 2023 when animal control picked up my daughter's service dog stating it bit our neighbor. That accusation has went from bitten, to aggressive behavior to pushing a person down, to dog running at large. I put the dog inside our cabin when I went to the doctor for an MRI. My nephew called and told me later that he came over an accidentally let my daughters service dog out and did not put him back in our cabin. I arrived home with 3 of our 4 dogs in the truck with me and my son. My daughters serve dog was running towards my truck so I stopped at the mail box and opened my truck door and let her dog get into my truck. I drove up to our home. I put my daughters service dog on a long leash outside with me. I went inside and heard a lady asking for me. I walked outside and it was the animal control officer. She told me she was

called by our neighbors and had to pick up Harley Roses dog because he bit someone. I told her no that he was on his leash. The officer took my daughters service dog and gave me a ticket X's 4. That I had 4 dogs running at large even though I told her 3 of the dogs, including my sons service dog was with us at my MRI appointment. She said she had to talk them down because the neighbor wanted all 4 of our service dogs picked up!! I think this is totally unfair that I am being harassed by my neighbors. They own a Rehab center for men. They are using the police to harass me over our service Animals. They have been told REPEATEDLY over and over for the last 6 years not to coach our animals over there to there facility, not to feed our animals, not to pet our animals. Nothing works.

We went up to Animal Control today to visit my daughters dog. They are completely lost without each other. Her dog is shaking and whining for her and she is an emotional basket case without him. Like I stated above I am a single mother of 2 teenagers and I do not get

any outside support. I am asking for help to stop the harassment from my neighbors, SoZo addiction and recovery center. I have contacted everyone all the way to the Governors office in Arkansas. They are violating our rights by constantly calling the police on me and my children to complain about our service animals.

Sherrel, thats not our van in those pics. We park our vans in our lot. Kahla is not harassing anyone. She asked your daughter to get the dogs off our property that tried to bite her. That dog has bit me twice, several clients, and has tried to bite Kahla more than once. We just want the animals off of our property. That's all.

there is no CAD report either. I will attach the call which was sent to the officer regarding the complaint. The call was made by the Garland County Prosecutors office regarding a Ms. Levin who was in court pending a case with Ms. Courvelle, who failed to appear on the court date. She was concerned about the welfare of animals possibly left on site. The officer who responded was ACO Joshua Crom.

I am attaching the only information I have regarding the incident. No report was completed by the officer. He reported back to the front he only located fowl (chickens and geese) which didn't appear to be in distress.

Thank you,

Your request has been forwarded to the Animal Control supervisor (Lt. Zaner) for a proper response. The AC Officers do not have a computer call system nor do they have body

cameras, but the LT advised she will respond with what they do have to your email, and I will copy that response here as well.

Our guys cannot sleep with all the noise outside our windows. Animal control told us to shoot them, but we do not want to do that. Please get them and keep them off our property. They are over here every single day.

Sherrel, thats not our van in those pics. We park our vans in our lot. Kahla is not harassing anyone. She asked your daughter to get the dogs off our property that tried to bite her. That dog has bit me twice, several clients, and has tried to bite Kahla more than once. We just want the animals off of our property. That's all.

Judge Darryl Mahoney, it is your duty and your obligation at any time to determine jurisdiction in a case where jurisdiction is challenged. You have previously been noticed that jurisdiction has been challenged by Sherrel Courvelle©, a living woman. Those Supreme Court rulings have been provided to you previously by The Sherrel Courvelle©, but we will supply them and others here for you again.

Hagans v Lavine 415 U. S. 533. "A judgment rendered by a court without personal jurisdiction over the defendant is void. It is a nullity."

Sramek v. Sramek, 17 Kan. App 2d 573, 576-7, 840 P. 2d 553 (1992) rev. denied 252 Kan.

1093(1993) "The law provides that once State and Federal jurisdiction has been challenged, this must be disproven." Otherwise by default all of you are confessing it is bona fide.

Main v. Thiboutot, 100 S Ct. 2502 (1980) – The law provides that once State and Federal jurisdiction has been challenged, it must be proven.

Basso v. Utah Power & Light Co. 395 F 2d 906, 910

"Once challenged, jurisdiction cannot be assumed, it must be proved to exist."

HALE v. HENKEL 201 U.S. 43 at 89 (1906) Hale v. Henkel was decided by the United States Supreme Court in 1906. The opinion of the court states: "The "individual" may stand upon "his Constitutional rights" as a CITIZEN. He is entitled to carry on his "private" business in his own way. "His power to contract is unlimited." He owes no duty to the State or to his neighbors to divulge his business, or to open his doors to an investigation, so far as it may tend to incriminate him. He owes no duty to the State, since he receives nothing there from, beyond the protection of his life and property. "His rights" are such as "existed" by the Law of the Land (Common Law) "long antecedent" to the organization of the State", and can only be taken from him by "due process of law", and "in accordance with the Constitution." "He owes nothing" to the public so long as he does not trespass upon their rights."

Hale v. Henkel is binding on all the courts of the United States of America until another Supreme Court case says it isn't. No other Supreme Court case has ever overturned Hale v. Henkel. None of the various issues of Hale v. Henkel has ever been overruled since 1906. Hale v. Henkel has been cited by

the Federal and State Appellate Court systems over 1,600 times! In nearly every instance when a case is cited, it has an impact on precedent authority of the cited case. Compared with other previously decided Supreme Court cases, no other case has surpassed *Hale v. Henkel* in the number of times it has been cited by the courts. "The rights of the individuals are restricted only to the extent that they have been voluntarily surrendered by the citizenship to the agencies of government.

As American State Nationals, however, we are not U.S. Citizens, i.e. DEAD Residents nor Persons. We are the Living People, the living souls STANDING on the land and soil Jurisdiction; not dead lost out at sea. We, Arkansans, have expatriated our U.S. Citizenship. This case, **Beys AFROYIM vs. Deann Rusk and United States vs. Wong Kim Ark** enforces our rights as individuals to Expatriate our US citizenship at anytime voluntarily.

Judge Darryl Mahoney, , you have been noticed and given proper documented proof that Sherrel Courville©, the American Living woman is NOT a U.S. Citizen, nor a "civil" "at law" Person, nor a Resident. You have been given proper documentation that shows that this American living woman is domiciled on the land and soil jurisdiction and is NOT under the jurisdiction of the sea (maritime, admiralty or military jurisdiction). As an American living woman, we are owed the constitutional guarantees of all three (3) Constitutions. The Law of the Land ensures a trial by a jury of our peers and specific "due process" under the American Common Law Court operating in General Jurisdiction and not limited jurisdiction.

The courts have been under Military Occupation since 1865. After the Civil War, Military Tribunal courts were set up temporarily in order to reconstruct the lawful Republic government and the Common Law Courts to be built back. That reconstruction never took place. In 1866, A Supreme Court ruling called *Ex Parte Milligan* was made to ensure that the (Maritime, Admiralty, and Military courts) would stand down as soon as the American Common Law courts were reconstructed and in session in each state of the union. Although it has been more than 150 years since that ruling, it has never been overturned.

Now we know, that because of "Ex-Parte Milligan" Your foreign civil "at Law" courts are unlawful! Because, fundamentally they are only of and for the "DEAD", i.e Not One Living Man or Woman can be protected by the Civil Law, for Corporations, instead they have by slight of hand been lawlessly in outlawry controlling each of our heads ever since A.D. 1865. Yes, You have held us under Military Occupation ever since. After the Civil War, Military Tribunal courts were sadistically set up temporarily, supposedly, in order to reconstruct the lawful Republic Government and rebuilding the American Common Law Courts, not for fictional corporations, but for the Living. That reconstruction for nearly two centuries has never taken place. Nevertheless, In 1866, A Supreme Court ruling called **Ex Parte Milligan** was made to ensure that the (Maritime, Admiralty, and Military Courts) would be mandated to stand down as soon as the American Common Law Courts were reconstructed and in session, for each state of the union. Although it has been more than 150 years since that ruling, it has never been overturned. Could it be there are Predator's in the hen house?

Our Common Law Courts went dormant from 1863 to 1963, a long time. The Military Courts took over in May of 1865. We first had the Martial Courts set up in the Southern Territory after the Civil War. It was 10 Military districts in 11 Southern states. Over time it grew and eventually the Military, Maritime, Admiralty Courts took over all 50 states. The District, Military Courts became an overlay.

We are owed the guarantee provided to us By, The 1866 Supreme Court ruling "**Ex-Parte Milligan**". We were guaranteed that as soon as we set up our civilian American Common Law Courts, the Military Courts would step aside and we would re-establish our General Jurisdiction courts. The International Law has already established that the Military, Admiralty, and Maritime courts had to step aside when the Civil Court comes into session.

The American people were long ago left uninformed that the Military Courts had taken by force and fraud over our Common Law courts in 1865 after the Civil War, and that We The People needed to reconstruct them as well as our Republican Civil Government. There have been six (6) Generations of people who have grown up not knowing that they were owed the Common Law Courts and that we had a Civil Government that has been dormant for 160 years.

- We have the right to come into session as the Common Law Government and reconstruct The Arkansas Assembly. We came into session and declared peace on May 29, 2021.
- We have the guaranteed right to our Republican form of Government.
- We have the guaranteed right to set up our American Common Law Courts and invoke Ex-Parte Milligan.

We are the lawful American Republican form of government and are back in session. We are the Arkansas State American Common Law Courts reconstructed and back in session. We have been out of session for a long time, But...Here we are! We do know what we are doing. We are acting within the law. We are acting according to our rights, guarantees, and Treaties. Thank you so much for your service in our absence. Our elected court officials have been elected, our Jury Pool has been instituted and we have a Grand Jury, for the people, by the people, and of the people.

"If we have not courts that are established and maintained by the people, rather than by corruptible judges then we will have no Republic. Our Constitution and our nation will rise or fall according to the independence of our courts." John Hancock 1877

Judge Darryl Mahoney, you now have been given the proper documentation proving that the Arkansas General Assembly, the Republican form of Government, has been reconstructed and in operation in Arkansas since 2021. In your possession, is the proper documentation showing that on August 27, 2023, the Arkansas American Common Law Court became open and is now in session. **Ex Parte Milligan** was invoked for Arkansas State and from now on all cases concerning documented American State Nationals **MUST** come through our Court. It is the Lawful court of the Land. The

American people are owed this court restored based on the 1866 ruling of the Supreme Court, and since the Republican government and its courts are now reconstructed in Arkansas State, therefore the (Maritime, Admiralty, and Military) Courts MUST STAND DOWN and transfer all cases that deal with the documented American State National to the Arkansas State American Common Law Court.

The 1866 – Supreme Court case called **Ex-Parte Milligan** agrees that once our civilian court comes into session then the Maritime, Martial, and District Courts MUST STAND DOWN and allow the American Common Law Court to take control of our own people and our own property again. This was decided in 1866.

The Arkansas State American Common Law Court requires from You;

- that all warrants, cases, fines, fees, bonds, suspended licenses and judgments be dismissed in the cases concerning Sherrel Courvelle©, the living woman.
- that all monies that have been paid by the American State National, Sherrel Courvelle©, for bonds, fees, fines, citations, re-instatements, recoupments, etc. be refunded in their entirety to the American State National, Sherrel Courvelle© the living woman.
- that all property that has been unlawfully seized be returned immediately to the American State National, Sherrel Courvelle© the living woman. If that property has been sold or lost, then the equivalent value of that property must be given back to the American State National, Sherrel Courvelle©, the living woman and must be paid in lawful money.
- all cases, evidence, discovery, documents, memos, letters, and all paperwork be transferred to the Arkansas State American Common Law Court for review.

Judge Darryl Mahoney, You are directed to move all controversial cases within (10) ten days pertaining to any documented American State National, American living man or living woman on the land and soil, who are under the Public Law to the Arkansas State American Common Law Court of General Jurisdiction as set forth in the long-standing Supreme Court Case of 1866; Ex-Parte Milligan.

Cooper v. Aaron, 358 U.S. 1, 78 S. Ct. 1401 (1958) The U.S. Supreme Court has stated that "no state legislator or executive or judicial officer can war against the Constitution without violating his undertaking to support it". The constitutional theory is that we the people are the sovereigns, the state and federal officials only our agents." "The individual, unlike the corporation, cannot be taxed for the mere privilege of existing. The corporation is an artificial entity which owes its existence and charter powers to the state; but, the individual's rights to live and own property are natural rights for the enjoyment of which an excise cannot be imposed."

Redfield v Fisher 292 P 813, at 819 [19301 "...an officer may be held liable in damages to any person injured in consequence of a breach of any of the duties connected with his office...The liability for nonfeasance, misfeasance, and for malfeasance in office is in his 'individual', not his official capacity..."

U.S. v. Throckmorton, 98 US 61 WHEREAS, officials and even judges have no immunity. (See, **Owen vs. City of Independence, 100 S Ct. 1398; Maine vs. Thiboutot, 100 S. Ct. 2502; and Hafer vs. Melo, 502 U.S. 21;** officials and judges are deemed to know the law and

sworn to uphold the law; officials and judges cannot claim to act in good faith in willful deprivation of law, they certainly cannot plead ignorance of the law, even the Citizen cannot plead ignorance of the law, the courts have ruled there is no such thing as ignorance of the law, it is ludicrous for learned officials and judges to plead ignorance of the law therefore there is no immunity, judicial or otherwise, in matters of rights secured by the Constitution for the United States of America. See: Title 42 U.S.C. Sec. 1983. "When lawsuits are brought against federal officials, they must be brought against them in their "individual" capacity not their official capacity. When federal officials perpetrate constitutional torts, they do so ultra vires (beyond the powers) and lose the shield of immunity.

Cooper v. Aaron, 358 U.S. 1, 78 S. Ct. 1401 (1958)

Note: Any judge who does not comply with his oath to the Constitution of the United States wars against that Constitution and engages in acts in violation of the supreme law of the land. The judge is engaged in acts of treason. See also **In Re Sawyer, 124 U.S. 200 (188)**; **U.S. v. Will, 449 U.S. 200, 216, 101 S. Ct. 471, 66 L. Ed. 2d 392, 406 (1980)**; **Cohens v. Virginia, -19 U.S. (6 Wheat) 264, 404, 5 L. Ed 257 (1821)**

Judge Darryl Mahoney, if you choose not to transfer all files and/or records concerning these cases out of your court and into ours for review, and dismiss all charges and fines, and refund all monies and reinstate all licenses to the American State National, Sherrel Courville©, wrongfully brought before your court, then The Arkansas State American Common Law Court will have no choice but to present an indictment to the U.S. District Attorney for your appearance in our court.

You have 10 days from the date of this letter to meet all of the requirements. All of this must be mailed to The Arkansas State Common Law Court by this date, October 27, 2023. That date will not be extended without prior approval. If you have any comments or questions, please send them in writing to the above address.

None of the various issues of Hale v. Henkel has ever been overruled since 1906. Hale v. Henkel has been cited by

the Federal and State Appellate Court systems over 1,600 times! In nearly every instance when a case is cited, it has an impact on precedent authority of the cited case. Compared with other previously decided Supreme Court cases, no other case has surpassed *Hale v. Henkel* in the number of times it has been cited by the courts. "The rights of the individuals are restricted only to the extent that they have been voluntarily surrendered by the citizenship to the agencies of government.

As American State Nationals, however, we are not U.S. Citizens, i.e. DEAD Residents nor Persons. We are the Living People, the living souls STANDING on the land and soil Jurisdiction; not dead lost out at sea. We, Arkansans, have expatriated our U.S. Citizenship. This case, **Beys AFROYIM vs. Deann Rusk and United States vs. Wong Kim Ark** enforces our rights as individuals to Expatriate our US citizenship at anytime voluntarily.

Judge Joe Graham, you have been noticed and given proper documented proof that Sherrel Courville©, the American Living woman is NOT a U.S. Citizen, nor a "civil" "at law" Person, nor a Resident. You have been given proper documentation that shows that this American living woman is domiciled on the land and soil jurisdiction and is NOT under the jurisdiction of the sea (maritime, admiralty or military jurisdiction). As an American living woman, we are owed the constitutional guarantees of all three (3) Constitutions. The Law of the Land ensures a trial by a jury of our peers and specific "due process" under the American Common Law Court operating in General Jurisdiction and not limited jurisdiction.

The courts have been under Military Occupation since 1865. After the Civil War, Military Tribunal courts were set up temporarily in order to reconstruct the lawful Republic government and the Common Law Courts to be built back. That reconstruction never took place. In 1866, A Supreme Court ruling called *Ex Parte Milligan* was made to ensure that the (Maritime, Admiralty, and Military courts) would stand down as soon as the American Common Law courts were reconstructed and in session in each state of the union. Although it has been more than 150 years since that ruling, it has never been overturned.

Now we know, that because of "Ex-Parte Milligan" Your foreign civil "at Law" courts are unlawful! Because, fundamentally they are only of and for the "DEAD", i.e Not One Living Man or Woman can be protected by the Civil Law, for Corporations, instead they have by slight of hand been lawlessly in outlawry controlling each of our heads ever since A.D. 1865. Yes, You have held us under Military Occupation ever since. After the Civil War, Military Tribunal courts were sadistically set up temporarily, supposedly, in order to reconstruct the lawful Republic Government and rebuilding the American Common Law Courts, not for fictional corporations, but for the Living. That reconstruction for nearly two centuries has never taken place. Nevertheless, In 1866, A Supreme Court ruling called **Ex Parte Milligan** was made to ensure that the (Maritime, Admiralty, and Military Courts) would be mandated to stand down as soon as the American Common Law Courts were reconstructed and in session, for each state of the union. Although it has been more than 150 years since that ruling, it has never been overturned. Could it be there are Predator's in the hen house?

Our Common Law Courts went dormant from 1863 to 1963, a long time. The Military Courts took over in May of 1865. We first had the Martial Courts set up in the Southern Territory after the Civil War. It was 10 Military districts in 11 Southern states. Over time it grew and eventually the Military, Maritime, Admiralty Courts took over all 50 states. The District, Military Courts became an overlay.

We are owed the guarantee provided to us By, The 1866 Supreme Court ruling “**Ex-Parte Milligan**”. We were guaranteed that as soon as we set up our civilian American Common Law Courts, the Military Courts would step aside and we would re-establish our General Jurisdiction courts. The International Law has already established that the Military, Admiralty, and Maritime courts had to step aside when the Civil Court comes into session.

The American people were long ago left uninformed that the Military Courts had taken by force and fraud over our Common Law courts in 1865 after the Civil War, and that We The People needed to reconstruct them as well as our Republican Civil Government. There have been six (6) Generations of people who have grown up not knowing that they were owed the Common Law Courts and that we had a Civil Government that has been dormant for 160 years.

- We have the right to come into session as the Common Law Government and reconstruct The Arkansas Assembly. We came into session and declared peace on May 29, 2021.
- We have the guaranteed right to our Republican form of Government.
- We have the guaranteed right to set up our American Common Law Courts and invoke Ex-Parte Milligan.

We are the lawful American Republican form of government and are back in session. We are the Arkansas State American Common Law Courts reconstructed and back in session. We have been out of session for a long time, But...Here we are! We do know what we are doing. We are acting within the law. We are acting according to our rights, guarantees, and Treaties. Thank you so much for your service in our absence. Our elected court officials have been elected, our Jury Pool has been instituted and we have a Grand Jury, for the people, by the people, and of the people.

“If we have not courts that are established and maintained by the people, rather than by corruptible judges then we will have no Republic. Our Constitution and our nation will rise or fall according to the independence of our courts.” John Hancock 1877

Judge Joe Graham, you now have been given the proper documentation proving that the Arkansas General Assembly, the Republican form of Government, has been reconstructed and in operation in Arkansas since 2021. In your possession, is the proper documentation showing that on August 27, 2023, the Arkansas American Common Law Court became open and is now in session. **Ex Parte Milligan** was invoked for Arkansas State and from now on all cases concerning documented American State Nationals MUST come through our Court. It is the Lawful court of the Land. The American

people are owed this court restored based on the 1866 ruling of the Supreme Court, and since the Republican government and its courts are now reconstructed in Arkansas State, therefore the (Maritime, Admiralty, and Military) Courts MUST STAND DOWN and transfer all cases that deal with the documented American State National to the Arkansas State American Common Law Court.

The 1866 – Supreme Court case called **Ex-Parte Milligan** agrees that once our civilian court comes into session then the Maritime, Martial, and District Courts MUST STAND DOWN and allow the American Common Law Court to take control of our own people and our own property again. This was decided in 1866.

The Arkansas State American Common Law Court requires from You;

- that all warrants, cases, fines, fees, bonds, suspended licenses and judgments be dismissed in the cases concerning Sherrel Courvelle©, the living woman.
- that all monies that have been paid by the American State National, Sherrel Courvelle©, for bonds, fees, fines, citations, re-instatements, recoupments, etc. be refunded in their entirety to the American State National, Sherrel Courvelle© the living woman.
- that all property that has been unlawfully seized be returned immediately to the American State National, Sherrel Courvelle© the living woman. If that property has been sold or lost, then the equivalent value of that property must be given back to the American State National, Sherrel Courvelle©, the living woman and must be paid in lawful money.
- all cases, evidence, discovery, documents, memos, letters, and all paperwork be transferred to the Arkansas State American Common Law Court for review.

Judge Joe Graham, You are directed to move all controversial cases within (10) ten days pertaining to any documented American State National, American living man or living woman on the land and soil, who are under the Public Law to the Arkansas State American Common Law Court of General Jurisdiction as set forth in the long-standing Supreme Court Case of 1866; Ex-Parte Milligan.

Cooper v. Aaron, 358 U.S. 1, 78 S. Ct. 1401 (1958) The U.S. Supreme Court has stated that "no state legislator or executive or judicial officer can war against the Constitution without violating his undertaking to support it". The constitutional theory is that we the people are the sovereigns, the state and federal officials only our agents." "The individual, unlike the corporation, cannot be taxed for the mere privilege of existing. The corporation is an artificial entity which owes its existence and charter powers to the state; but, the individual's rights to live and own property are natural rights for the enjoyment of which an excise cannot be imposed."

Redfield v Fisher 292 P 813, at 819 [19301 "...an officer may be held liable in damages to any person injured in consequence of a breach of any of the duties connected with his office...The liability for nonfeasance, misfeasance, and for malfeasance in office is in his 'individual', not his official capacity..."

U.S. v. Throckmorton, 98 US 61 WHEREAS, officials and even judges have no immunity. (See, **Owen vs. City of Independence, 100 S Ct. 1398; Maine vs. Thiboutot, 100 S. Ct. 2502; and Hafer vs. Melo, 502 U.S. 21;** officials and judges are deemed to know the law and

sworn to uphold the law; officials and judges cannot claim to act in good faith in willful deprivation of law, they certainly cannot plead ignorance of the law, even the Citizen cannot plead ignorance of the law, the courts have ruled there is no such thing as ignorance of the law, it is ludicrous for learned officials and judges to plead ignorance of the law therefore there is no immunity, judicial or otherwise, in matters of rights secured by the Constitution for the United States of America. See: Title 42 U.S.C. Sec. 1983. "When lawsuits are brought against federal officials, they must be brought against them in their "individual" capacity not their official capacity. When federal officials perpetrate constitutional torts, they do so ultra vires (beyond the powers) and lose the shield of immunity.

Cooper v. Aaron, 358 U.S. 1,78 S. Ct. 1401 (1958)

Note: Any judge who does not comply with his oath to the Constitution of the United States wars against that Constitution and engages in acts in violation of the supreme law of the land. The judge is engaged in acts of treason. See also *In Re Sawyer*, 124 U.S. 200 (188); *U.S. v. Will*, 449 U.S.

Judge Joe Graham, if you choose not to transfer all files and/or records concerning these cases out of your court and into ours for review, and dismiss all charges and fines, and refund all monies and reinstate all licenses to the American State National, Sherrel Courville®, wrongfully brought before your court, then The Arkansas State American Common Law Court will have no choice but to present an indictment to the U.S. District Attorney for your appearance in our court.

You have 10 days from the date of this letter to meet all of the requirements. All of this must be mailed to The Arkansas State Common Law Court by this date, October 27, 2023. That date will not be extended without prior approval. If you have any comments or questions, please send them in writing to the above address.

Judge Meredith Switzer, it is your duty and your obligation at any time to determine jurisdiction in a case where jurisdiction is challenged. You have previously been noticed that jurisdiction has been challenged by Sherrel Courvelle©, a living woman. Those Supreme Court rulings have been provided to you previously by **The Sherrel Courvelle©**, but we will supply them and others here for you again.

Hagans v Lavine 415 U. S. 533. "A judgment rendered by a court without personal jurisdiction over the defendant is void. It is a nullity."

Sramek v. Sramek, 17 Kan. App 2d 573, 576-7, 840 P. 2d 553 (1992) rev. denied 252 Kan. 1093(1993) "The law provides that once State and Federal jurisdiction has been challenged, this must be disproven." Otherwise by default all of you are confessing it is bona fide.

Main v. Thiboutot, 100 S Ct. 2502 (1980) – The law provides that once State and Federal jurisdiction has been challenged, it must be proven.

Basso v. Utah Power & Light Co.395 F 2d 906, 910

"Once challenged, jurisdiction cannot be assumed, it must be proved to exist."

HALE v. HENKEL 201 U.S. 43 at 89 (1906) Hale v. Henkel was decided by the united States Supreme Court in 1906. The opinion of the court states: "The "individual" may stand upon "his Constitutional rights" as a CITIZEN. He is entitled to carry on his "private" business in his own way. "His power to contract is unlimited." He owes no duty to the State or to his neighbors to divulge his business, or to open his doors to an investigation, so far as it may tend to incriminate him. He owes no duty to the State, since he receives nothing there from, beyond the protection of his life and property. "His rights" are such as "existed" by the Law of the Land (Common Law) "long antecedent" to the organization of the State", and can only be taken from him by "due process of law", and "in accordance with the Constitution." "He owes nothing" to the public so long as he does not trespass upon their rights."

Hale v. Henkel is binding on all the courts of the United States of America until another Supreme Court case says it isn't. No other Supreme Court case has ever overturned Hale v. Henkel. Nevertheless, In 1866, A Supreme Court ruling called **Ex Parte Milligan** was made to ensure that the (Maritime, Admiralty, and Military Courts) would be mandated to stand down as soon as the American Common Law Courts were reconstructed and in session, for each state of the union. Although it has been more than 150 years since that ruling, it has never been overturned. Could it be there are Predator's in the hen house?

Our Common Law Courts went dormant from 1863 to 1963, a long time. The Military Courts took over in May of 1865. We first had the Martial Courts set up in the Southern Territory after the Civil War. It was 10 Military districts in 11 Southern states. Over time it grew and eventually the Military, Maritime, Admiralty Courts took over all 50 states. The District, Military Courts became an overlay.

We are owed the guarantee provided to us By, The 1866 Supreme Court ruling “**Ex-Parte Milligan**”. We were guaranteed that as soon as we set up our civilian American Common Law Courts, the Military Courts would step aside and we would re-establish our General Jurisdiction courts. The International Law has already established that the Military, Admiralty, and Maritime courts had to step aside when the Civil Court comes into session.

The American people were long ago left uninformed that the Military Courts had taken by force and fraud over our Common Law courts in 1865 after the Civil War, and that We The People needed to reconstruct them as well as our Republican Civil Government. There have been six (6) Generations of people who have grown up not knowing that they were owed the Common Law Courts and that we had a Civil Government that has been dormant for 160 years.

- We have the right to come into session as the Common Law Government and reconstruct The Arkansas Assembly. We came into session and declared peace on May 29, 2021.
- We have the guaranteed right to our Republican form of Government.
- We have the guaranteed right to set up our American Common Law Courts and invoke Ex-Parte Milligan.

We are the lawful American Republican form of government and are back in session. We are the Arkansas State American Common Law Courts reconstructed and back in session. We have been out of session for a long time, But...Here we are! We do know what we are doing. We are acting within the law. We are acting according to our rights, guarantees, and Treaties. Thank you so much for your service in our absence. Our elected court officials have been elected, our Jury Pool has been instituted and we have a Grand Jury, for the people, by the people, and of the people.

“If we have not courts that are established and maintained by the people, rather than by corruptible judges then we will have no Republic. Our Constitution and our nation will rise or fall according to the independence of our courts.” John Hancock 1877

Judge Danny Thrailkill, you now have been given the proper documentation proving that the Arkansas General Assembly, the Republican form of Government, has been reconstructed and in operation in Arkansas since 2021. In your possession, is the proper documentation showing that on August 27, 2023, the Arkansas American Common Law Court became open and is now in session. **Ex Parte Milligan** was invoked for Arkansas State and from now on all cases concerning documented American State Nationals MUST come through our Court. It is the Lawful court of the Land. The American

people are owed this court restored based on the 1866 ruling of the Supreme Court, and since the Republican government and its courts are now reconstructed in Arkansas State, therefore the (Maritime, Admiralty, and Military) Courts MUST STAND DOWN and transfer all cases that deal with the documented American State National to the Arkansas State American Common Law Court.

The 1866 – Supreme Court case called **Ex-Parte Milligan** agrees that once our civilian court comes into session then the Maritime, Martial, and District Courts MUST STAND DOWN and allow the American Common Law Court to take control of our own people and our own property again. This was decided in 1866.

The Arkansas State American Common Law Court requires from You;

- that all warrants, cases, fines, fees, bonds, suspended licenses and judgments be dismissed in the cases concerning Sherrel Courvelle©, the living woman.
- that all monies that have been paid by the American State National, Sherrel Courvelle©, for bonds, fees, fines, citations, re-instatements, recouplements, etc. be refunded in their entirety to the American State National, Sherrel Courvelle© the living woman.
- that all property that has been unlawfully seized be returned immediately to the American State National, Sherrel Courvelle© the living woman. If that property has been sold or lost, then the equivalent value of that property must be given back to the American State National, Sherrel Courvelle©, the living woman and must be paid in lawful money.
- all cases, evidence, discovery, documents, memos, letters, and all paperwork be transferred to the Arkansas State American Common Law Court for review.

Judge Danny Thrailkill, You are directed to move all controversial cases within (10) ten days pertaining to any documented American State National, American living man or living woman on the land and soil, who are under the Public Law to the Arkansas State American Common Law Court of General Jurisdiction as set forth in the long-standing Supreme Court Case of 1866; Ex-Parte Milligan.

Cooper v. Aaron, 358 U.S. 1, 78 S. Ct. 1401 (1958) The U.S. Supreme Court has stated that "no state legislator or executive or judicial officer can war against the Constitution without violating his undertaking to support it". The constitutional theory is that we the people are the sovereigns, the state and federal officials only our agents." "The individual, unlike the corporation, cannot be taxed for the mere privilege of existing. The corporation is an artificial entity which owes its existence and charter powers to the state; but, the individual's rights to live and own property are natural rights for the enjoyment of which an excise cannot be imposed."

Redfield v Fisher 292 P 813, at 819 [19301 "...an officer may be held liable in damages to any person injured in consequence of a breach of any of the duties connected with his office...The liability for nonfeasance, misfeasance, and for malfeasance in office is in his 'individual', not his official capacity..."

U.S. v. Throckmorton, 98 US 61 WHEREAS, officials and even judges have no immunity. (See, **Owen vs. City of Independence, 100 S Ct. 1398; Maine vs. Thiboutot, 100 S. Ct. 2502; and Hafer vs. Melo, 502 U.S. 21;** officials and judges are deemed to know the law and

sworn to uphold the law; officials and judges cannot claim to act in good faith in willful deprivation of law, they certainly cannot plead ignorance of the law, even the Citizen cannot plead ignorance of the law, the courts have ruled there is no such thing as ignorance of the law, it is ludicrous for learned officials and judges to plead ignorance of the law therefore there is no immunity, judicial or otherwise, in matters of rights secured by the Constitution for the United States of America. See: Title 42 U.S.C. Sec. 1983. "When lawsuits are brought against federal officials, they must be brought against them in their "individual" capacity not their official capacity. When federal officials perpetrate constitutional torts, they do so ultra vires (beyond the powers) and lose the shield of immunity.

Cooper v. Aaron, 358 U.S. 1,78 S. Ct. 1401 (1958)

Note: Any judge who does not comply with his oath to the Constitution of the United States wars against that Constitution and engages in acts in violation of the supreme law of the land. The judge is engaged in acts of treason. See also *In Re Sawyer*, 124 U.S. 200 (188); *U.S. v. Will*, 449 U.S.

200,216,101 S. Ct. 471,66 L. Ed. 2d392,406 (1980); *Cohens v. Virginia*, -19 U.S. (6 Wheat) 264,404,5 L. Ed 257 (1821)

Judge Danny Thraikill, if you choose not to transfer all files and/or records concerning these cases out of your court and into ours for review, and dismiss all charges and fines, and refund all monies and reinstate all licenses to the American State National, Sherrel Courvelle©, wrongfully brought before your court, then The Arkansas State American Common Law Court will have no choice but to present an indictment to the U.S. District Attorney for your appearance in our court.

You have 10 days from the date of this letter to meet all of the requirements. All of this must be mailed to The Arkansas State Common Law Court by this date, October 27, 2023. That date will not be extended without prior approval. If you have any comments or questions, please send them in writing to the above address.

OK we are on the part where I have to list everything that SoZo has done and Lord knows I can't remember everything because I was calling the law yeah, every week

I thought maybe you might have something I might have missed

SUN 6:08 PM

Well. We had to run them off from playing frisbee in our yard a few times. That was in the beginning though. Then we put up the no trespassing signs and it helped. They've flipped us off plenty of times, uncalled for, because the ↓ nply "thought we were one of

their homies". But that's not illegal, just annoying.

They've parked half way in our yards during their fabulous fund raisers, every year, without asking us first. Until this year, when we put up a visible string right up to the road.

Other than buying up the property around us, adding more living quarters for grown troubled men, to free range our neighborhood, making us unsafe, knowing they mostly are there to just stay out of jail.... Can't think of much more.

And the drone.

Oh and they killed your birds.

I don't think they can build. How do you know they killed our birds? I felt it in my heart but I couldn't find out. They covered my camera 3 days before the fish fry

The kids and I have looked everywhere. No feathers anywhere. They set my freaking front yard on fire before their fish fry. They parked vehicles all in my yard for 3 days in a row.

They may not be building but they've pulled 2 more trailers in, over on Oliver. A guy that lives in one of them works at the Poa for now, and told Jay that they (sozo) gave one of their residents permission to kill them. That's why you

them. That's why you never found feathers. They kept going in their yard, so they killed them. Wish we could've had them, would've loved to add them to our flock.

Oh my God they tilted my game camera to the ground like 3 days before that fish fry. The kids would lock them up in their pen. I would see the guys on my cameras and the police would do nothing.

God I wish I would of just told you to get them. I didn't think this court stuff would still be going on.

Not sure. But obviously pretty close. I mean, I can see their buildings from my house.

**Bail Daughters Service Dog
out of Dog Pound**

by Sherrel Courvelle

Congratulations on publishing your fundraiser, Sherrel. Here are three tips to set yourself up for success:

Spread the word

Sherrel Courvelle is organizing this fundraiser.

I am Harley Roses mother, Sherrel. I am a single mother of 2 teenagers. This is my daughter's service dog, Sully. He accidentally was let out of our cabin and he ventured next door to the men's Rehab, in which the story keeps changing from he bit someone, to he was aggressive, to now he pushed some man down. Who knows what happened. I just know it has been WAR between us since one of the Rehab employee STOLE my sons service dog back in January 2023 and our cat!! My baby girl is trying to raise money to bail her Service Dog Sully out and also to help me pay for a decent fence to keep our pets safe from being poisoned or stolen AGAIN!!

FROM THE MOUTH OF BABES, Harley Rose is going to give you her side..

Hi, I'm Harley Rose and I am sure you have heard about animal control being called on my dog Sully and they took him for so called biting someone. There is no proof whatsoever of him biting someone or that they needed medical

attention. Sully mom, Molly Kate was my first dog. My mom would often say that she was my soulmate. Molly Kate had a litter of puppies on New years eve of 2019, Sully was the only puppy we didn't get rid of. June of 2020 my neighbor SoZo poisoned her while I was away at my dad's. I was heartbroken, but I still had Sully, almost every night Sully sleeps by my side. In march one of my best friends had gotten into an ATV wreck, sadly she did not make it. You know how people say dogs can feel what you feel, Sully felt what I was going through and laid by my side during all of it. All my friends really love Sully and are really worried about him. Sully is my best friend. He is my dog and I'm his person. When I found out they took my dog I started crying. May 25th I got to see him. Just hearing him crying and watching him shake from being cold made me instantly cry. They let me go in the cage and hold him. While he was at our house I would go and pick him up and hold him like a baby. Words can't describe how hurt this has made me. I just want my best friend back home with his person, Me, Harley Rose

On October 15, 2023 ~~Police~~ ^{1:20-24} ~~George~~ ^{Giordano} ~~County~~ ^{Police} came to 249 Nathan Terrace and I walked out of there cars and I asked "Can I help you?" They immediately got in my Matthew Harley face and asked if we knew a Sherrie Light we proceeded to tell them we didn't know her. Then the lady cop asked if we knew where she was we said we didn't know. The lady then asked why we were there and what were we doing with that truck? I told her that my Dad gave us the truck to get the fridge that was now on the porch. I had my 6yr old son in the back seat of the truck screaming terrified as I walked to calm him the lady cop pulled me by my arm back and then I told her to stop that I need to check on my son. She ignored me

On Jan 1st at 7:45 pm I got pulled over on Barcelona Rd by a male H&V police officer. He asked me for my DL and Registration so I handed him everything. He looked at my DL and asked if I still lived at 935 Akers Rd and I said no I had moved then asked where I moved to and I told him it was none of his business. Then proceeded to ask me if I knew a Sherrel Courville and I told him I didn't. And then he said oh yeah you have a Blown Head Light.

I'm not quite sure what the lady name was. They asked my sister Brooke Light ~~her~~ her name and number after my sister asked ~~if we can help them.~~ they told us we were going to go to Jail if we didn't tell them where Sherrel Courville was. They asked for my name and I had started to say I was a minor and they couldn't ask me questions but she interrupted me and said, "You can't talk over me." She was around 3 inches from my face. They went up and searched the house and said, "She went out the back window." We repeated told them she was not there and we had no idea where she was. I went and sat in the car with my nephew for a few moments and I texted my ~~mom~~ mom Sherrel Courville and Kimberly Baker. I climbed out through the ~~front~~ front ~~door~~ ^{door} to see if I could video what they were saying. They asked us why we had her truck, and we said it was in our dad's ~~house~~ name Arrie Light.

there for a few minutes. A few
weeks later they were driving
by late at night around 6
while I was walking my dog.
They didn't stop that time then

In the middle of the night the
police slowly drove the house
in the village I went up to the
window with my new pen while
my sisters went outside to
see what they wanted the cop
was talking to my sisters
asking where my mother went

**MOTION TO REVOKE DEFENDANT'S BOND AND MOTION TO HOLD DEFENDANT
IN CONTEMPT**

Comes now the State of Arkansas, by and through Michelle Coe Lawrence, Prosecuting Attorney for the 18th Judicial District East, and for its Motion to Revoke Defendant's Bond and Motion to Hold Defendant in Contempt states as follows:

1. That the Defendant, Sherrell Jean Courvelle, was admitted to bond in CR 2019-84-IV on March 1, 2019, in the amount of \$5,000 cash or secured, wherein the Defendant is charged with nine (9) counts of the offense of Aggravated Cruelty to a Dog, Cat or Horse, all class D felonies, as an Habitual Offender.
2. That the Defendant was admitted to bond in CR 2021-123-IV on January 29, 2021, in the amount of \$2,500 cash or secured, wherein the Defendant is charged with Theft of Property, a class D felony, as an Habitual Offender.
3. That the Defendant was admitted to bond in CR 2021-531-IV on June 22, 2021, in the amount of \$3,500 cash or secured, where the Defendant is charged with Theft of Property, a class D felony, as an Habitual Offender.

4. That on June 29, 2020 in CR 2019-84-IV, the Honorable Marcia R. Hearnberger entered an Agreed Order to Forfeit Seized Property, namely regarding seven (7) horses that were the subject of the charges of Aggravated Cruelty to a Dog, Cat or Horse. The Court determined that said horses were to be permanently forfeited from their rightful owner, the Defendant, and transferred to the ownership of Garland County, Arkansas. Said horses were to be adopted out to appropriate and proper homes in the process and matter determined by Darryl Mahoney, County Judge of Garland County, Arkansas.
5. That in addition, on June 29, 2020 in CR 2019-84-IV, the Honorable Marcia R. Hearnberger entered an Agreed Order of Parties for Defendant to Own No Horses or Donkeys During the Remaining Duration of Her Life. This Order was only entered after it was agreed to as to both content and form by the Defendant and her attorney at that time, Kevin Rook.
6. That on June 2, 2023, the Defendant Sherrel Jean Courvelle, with a listed address as 249 Nathan Terrace, Jessieville, AR 71949, submitted a request to the Garland County FOIA and Public Records Request Portal, NextRequest, asking for copies of reports she had filed with the Garland County Sheriff's Department from the dates of January 2023 to May 2023, as well as recordings of the calls she made to both 911 and the Garland County Sheriff's Department non-emergency number. Within the request, the Defendant specifically refers to the date of March 25, 2023, wherein she indicates that she "called the sheriff department about 2 of SoZo's clients out in the woods next to my horses...." (See State's Exhibit "A".) The Defendant's ownership of horses is in direct violation of the Court's Orders entered on June 29, 2022.
7. That additionally, on March 2, 2023, the Defendant Sherrel Jean Courvelle, with a listed

P.O. Box 1142
Little Rock, Arkansas [72203]

Arkansas State Common Law Court

The Unincorporated Land and Soil Jurisdiction
One of the Federation States of the Union
August 27, 2023

To: All Arkansas State and County Courts
Subject: Notice of Capacity and Standing

This is official notice from The Arkansas Assembly Court Clerk's Office to all State of Arkansas Courts that the Arkansas Jural Assembly Court now has the capacity and standing to adjudicate the affairs of living Men and Women on the Land and Soil Jurisdiction who are known as American State Nationals and American State Citizens.

This is an **Invocation** of the Supreme Court ruling known as Ex Parte Milligan. **Ex Parte Milligan**, 71 U.S. 2 (1866), American Civilians are not subject to the Authorities of Military War and we are owed the Law of Peace. Law of Peace DOA PAM 27-161-1 1956

Because all living beings on Earth will benefit when Common Law Courts are widely available, we expect all Agencies, Companies, and Government Service Corporations to swiftly accommodate any notice, as well as the directives that will periodically follow.

May we remind our corporate partners of the Supreme Court ruling known as Ex-Parte Milligan as well as Title 18, Subsection 242, which makes it a crime for a person acting under color of law to willfully deprive a person of a right or privilege protected by the Constitution or the laws of the United States.

American State Nationals will now and in the future be brought before our American Common Law Court on the Jurisdiction of the Land and Soil.

To the Attention of: Provost Marshal General, Judge Advocate General Navy, Judge Advocate General Air Force/Space Force, Judge Advocate General Army, Judge Advocate General U.S. Coast Guard, Judge Advocate General, Department of Defense, Judge Advocate Division/Offices of the General Counsels of the Military Departments, National Guard Bureau Chief, Army Brigadier General, Legal Counsel to the Chairman of the Joint Chiefs of Staff, Commander in Chief of the American Armed Forces –

The Arkansas Assembly is in session and has accepted The Arkansas State Trust. Arkansas is a State of the Union and a member of The Federation of States operating as the United States of America Unincorporated. We will be in continuous session at least for the next 5 years cleaning up the mess created here within the contiguous borders of Arkansas by over a century of run amok unlawful and illegal activities perpetrated by incorporated entities.

After 1860, all land interests entered into Territorial Statehood according to The Northwest Ordinance. As of October 1st (first) of 2020, all those Territorial States were enrolled officially as States of the Union by those State Assemblies established prior to 1860 entering their unanimous Roll Call Votes upon the Public Record. All now 50 (fifty) States are indeed actual States of the Union, owning all land within their borders and free of any Territorial custodial interest. The Corporations, including incorporated Corporations, which have been established in our names ever since 1860, are all interrelated to associations and charters granted by the Kings and Queens and Popes operating in our names via fraudulent assumption of powers never granted to them, and now all those parent corporations are bankrupt and in receivership to us, their Priority Creditors. Every single one.

If they fail to operate lawfully---a far higher standard than to merely operate legally – the corporations will be dissolved, and their officers will be arrested. We hope that everyone is in agreement that living men and women should not be endangered in any way by lifeless, faceless, unaccountable business organizations, which have no right to exist apart from public tolerance.

Lands, as found in 42 American Jurisprudence, Sec 781 thru 873, shows that a Patent of land is to be the title to land and anything else is Fraud. Transfer of a Patent is by release of Patent Interest Right and not by some form of "usury instrument" of Trust or Warranty. (See also 40 AM JUR, 577 thru 688).

Please see attached Peace Proclamation, Peace Treaty, Public Notice to Vacate, Authorization to Act for the Joint Chiefs of Staff, International and Public Declaration of Possession by Right, Public International Notice to the High Courts and the United Nations, and The Law of Kinds.

Notice is Given

1. Per an 1866 court case known as *ex parte Milligan*, 71 U.S. 2 (1866):
It has been found to be unconstitutional to try civilians by military tribunals unless there is not civilian court available. "12. A citizen not connected with the military service and a resident in a State where the courts are open and in the proper exercise of their jurisdiction cannot, even when the privilege of the writ of habeas corpus is suspended, be tried, convicted, or sentenced otherwise than by the ordinary courts of law."
2. International Peace Proclamation and Grand Peace Treaty has been in effect as of August 1, 2021. The law of War and military occupation now must come to an end; and there is no jurisdiction for military tribunals processing non-military people within our borders. The Law of Necessity must come to an end and the Law of Kinds must be employed.
3. As of Midnight GMT, on 4 April 2023 all rights, interests, assets, and physical titles, claims, and possessions of the United States, Incorporated, and its franchises and derivatives, and all similar rights, interests, assets, and physical titles, claims and possessions of the United States of America, Incorporated, and its franchises and derivatives, both insolvent incorporated foreign Debtors/DEBTORS, revert to the ownership and possession of The United States, our National Government, and The United States of America, our unincorporated Federation of States, which are the Priority Creditors of these corporations in their respective jurisdictions.

As of this date and time, these incorporated entities have ceased to exist, and only the Principals remain. Please understand that our respective American Governments are the Priority Creditors of all British Territorial and Municipal United States persons, including incorporated entities of all kinds. These corporations, their franchises, successors, derivatives, and assigns are hereby Nationalized under the Due Course of International

Law and by Operation of Law that returns all Delegated Powers to the Delegators upon contractual Failure to Perform. This is the direct result of Gross Breach of Trust and violation of Commercial Service Contract, fiscal incompetence, and numerous acts of crime against the American People and States who are owed good faith and service from these organizations and the other Principals who are actually and contractually responsible for them.

4. On the evening of 27th day of August, in the year 2023, at 6:00 pm, Central Standard Time. The Arkansas Assembly called together a pool of American State Citizens and impaneled a Grand Jury of 25; and we are giving notice to the military of the United States in all branches and Departments of this action.
5. The guarantee of trial by jury contained in the Constitution was intended for a state of war, as well as a state of peace.

Follow on orders are forthwith and you are hereby ordered to stand by for further instructions.

United States of America – The Arkansas Assembly

Notice to All Corporate Entities operating within the physical borders of Arkansas:

Notice to Agent is Notice to Principal

Notice to Principal is Notice to Agent

Let it be known to all those to whom these Presents come: This is your lawful notice that The Arkansas Assembly is in session and the Arkansas Trust has returned to the oversight and lawful possession of the naked Priority Credit Donors.

In view of that, The Arkansas Assembly, has a Public Duty to Keep the Peace and Uphold the Public Law, as evidenced by our Peace Proclamation and Treaty.

The Arkansas Assembly is a self-governing Member of The Federation of States (www.theamericanstatesassembly.net) and together with 49 other States have come forward into full statehood status as a state of the union presented as The United States of America (Unincorporated) Land and Soil Jurisdiction.

The Arkansas Assembly is dedicated to the restoration of a complete and fully operational land and soil jurisdiction State and County court system serving the people/People of Arkansas, the preservation of the National Trust, the enforcement of the Public Law, the upholding of the Federal Constitution owed to our State and People, the re-population of our land and soil jurisdiction, the filling of vacated Public Offices, and the reclamation of our material, intellectual, public and private assets. To these ends we, the living people of Arkansas, have called the eligible Arkansas nationals and Electors to assemble and to serve as Jurors and Officers, and we have established the process and procedure to qualify Jurors and others competent to hold State Citizenship and Public Office. We do this peacefully and without rancor in the exercise of our unincorporated powers and capacities.

Soil is defined as the first six inches of dirt under our feet. It is the thin but inescapable surface where we live and breathe. Land is all the subsoil and rock and magma underlying the soil, the subsurface world where one finds underground rivers and veins of gold and basins of oil.

Soil only persists for our purposes where it happens to protrude above the surface of the ocean and provides us with the comforts of air and fresh water, but land connects seamlessly throughout the planet without regard for such niceties.

United States of America – The Arkansas Assembly

As a result of these practical matters, soil is the unique jurisdiction of nations of people who claim their portion of the inhabitable surface of the land protruding above sea level, otherwise known as the soil, and the land underlying each nation and every ocean remains a vast international dominion that cares little for our political subdivisions.

Both land and sea remain venues for international trade because of these considerations, while business conducted on the soil between people and their unincorporated enterprises has a local scope and nature that adheres to local law instead of international law.

Thus, even though land and soil are unavoidably and inextricably connected, they operate as two separate jurisdictions and under two very different forms of law. Custom dictates that the law of the soil takes precedence over the law of the land and the sea with respect to living people, and that when people enter the realm of international trade, they act instead as "persons".

On the *soil* we act as living people and stand under law that applies to living people. On *land* we act as Lawful Persons but at sea we act as Legal Persons and both stand under international law that applies to "dead" business enterprises of all kinds and simple corporations. Lawful Persons stand on the land under the law of life, but we were kept unaware that the Civil War was always about incorporating all living Americans, e.g. lost at sea as *dead persons* of fiction, judged as dead, e.g. via the Civil War cartoon *Alice in Wonderland*, to reclassify all people misjudged as "dead" legal persons, i.e. *corporations*!

After 1860, all land interests entered Territorial Statehood according to The Northwest Ordinance. But, as of October, 1st, of 2020, all those Territorial States were enrolled officially as States of the Union by those State Assemblies established prior to 1860 entering their unanimous Roll Call Votes upon the Public Record. All now-fifty States are indeed actual States of the Union, owning all land within their borders and free of any Territorial custodial interest. This formally ended any emergency-based custodial interest by any foreign subcontracting government in those States. (Enclosure 1).

The second vote established the first new Public Law in over a century, which forbids among other things, commercial claims against people who have received patented scraps of DNA or RNA, which, without disclosure, serve to provide an excuse to label these people "transhuman" and claim them as property owned by the patent-holders. (Enclosure 2).

United States of America – The Arkansas Assembly

The Third Vote which has been completed with 49 States in Agreement and one State Abstaining for lack of Quorum, has established a Peace Treaty formally ending the American Civil War which commenced in 1861 and which has continued as a perpetual emergency until 1 August 2021, when our States have issued a joint Peace Treaty formally ending the hostilities. (Enclosure 3).

All over this country sons and daughters of America have awakened and remembered who they are. They have declared their birthright political standing as Americans, made public record of their standing, and gathered together to bring their State Assemblies back into Session.

By roll call vote, these State Assemblies have adopted a formal Peace Treaty ending The American "Civil War" and they have abolished slavery once and for all, in all jurisdictions. The International Peace Proclamation serves as Official Notice to all nations, all governmental subcontractors, Agents and principals, all elected officials, and officers, both foreign and domestic. The American People have spoken at last, and their remaining Federation Officers have accomplished their duty: the restoration of the civilian government of this country, six generations and 160 years after the effort began.

These actions on the part of the properly identified and organized American People are direct Presentations, not representations, to the other Principals and all incorporated instrumentalities exercising any of our delegated powers whatsoever.

Please note that our American Government has been at peace since 1814 and this entire country is now at peacetime status.

1. We are the Employers and the Presumed Donors of the Public Trusts; as Donors, we have returned and demanded the liquidation of the Public Trusts and the return of the Assets, all gold and silver assets purloined and deposited offshore, domestic, and overseas investments, and all credit owed to the American States and People. We have provided the means to accomplish this removal of the artificial trust structure(s) that have been imposed under False Legal Presumptions and have allowed for a safe and gradual transition to State Assembly control.
2. The actual State Assemblies are now in Session and prior assumptions of authority seized upon by the Territorial and Municipal Sub-Contractor Corporations and their respective state-of-state organizations must be released in an orderly, gradual, and peaceful manner without fear or rancor. Provision for the necessary transfers of authority and measures to re-task and re-employ people affected by this necessary restructuring are underway. This process should prove beneficial for all concerned.

United States of America – The Arkansas Assembly

3. The enrollment of the Western States has been made effective with and retroactively contemporaneous with their original entry into Territorial Statehood, all right, title, and interest must be yielded to those Americans who have returned and who are daily returning to their lawful standing on the land and soil of this country.
4. As a matter of law and of proper Public Administration, all rights, titles, duties, and interests in the international and global realm which were once exercised by the Confederation of States of America and the Federal Republic have returned by Operation of Law to our unincorporated Federation doing business and The United States of America which was and is the Delegator of all mutually held Delegated Powers of the actual States.
5. Also, as a matter of Law and of proper Public Administration, all rights, titles, duties, and interests in the national and local government realms vest in the State and County Assemblies which are now in Session for the first time in many years, and all foreign trusts and foreign trust interests otherwise presumed to exist are dissolved.
6. The return of the actual American Government to full force and function cannot be accomplished overnight, but the foundational work to rebuild and reconstruct both the Confederation of States of America and the Federal Republic is underway and ongoing. As the only true Sovereign Interests in this country representing all people of all ethnicities, races, religions and backgrounds, our State Assemblies hold aloft the banner of national sovereignty and self-determination, and through their unincorporated Federation of States, they similarly uphold the ideals of individual freedom and self-determination, and yet also fully accepts voluntary cooperation with other nations for the advancement of mutual peace, security, friendly trade, social and cultural exchange, and environmental issues.

The States of the Union were Summoned into Session, and here we are, with all fifty physically defined American States accounted for and populated by people holding the correct provenance and adopting their birthright political status.

United States of America – The Arkansas Assembly

Our role as Americans is to enforce the Constitutions and exercise our rights guaranteed by them— while fully realizing that the Constitutions are not about us. The Constitutions are contracts which our Federal Subcontractors (and their State of State franchises) must obey, while we stand apart under our separate foundation, The Declaration of Independence.

Furthermore, Anna Maria Riezinger, Fiduciary, The United States of America: “We have been occupied by our own military since April of 1863.

Instead of doing the honest thing and fully informing their employers, the officers of the Union Army decided to go into business for themselves and to continue their mercenary operations on our shores and elsewhere.

They used a species of Admiralty Law which allowed them to “hypothecate debt” against our assets and to “presume salvage rights” in exchange for their unauthorized and unwanted and unneeded services--- to fund their operations --- and the British Parliament aided and abetted this every step of the way.

See their (British Parliament) Naval Agency and Distributions Act of 1864 to get a taste of how the Holy Roman Municipal Government worked to undermine and commandeer our Government and steal our assets, and how the British Territorial Office of “United States Secretary of State” was used to commit heinous crimes against the American General Public.

Our worst enemies have appeared, to the rest of the world, to be our best friends.

The U.S. Army meanwhile morphed into the (Territorial) Department of Defense and then later additionally spawned the Municipal Umbrella Corporation everyone knows as “the DOD” operated by the Pentagon.

This foreign commercial corporation now owns --- literally --- the Territorial Congress, the Secretary of the Treasury, the CIA, DHS, FBI, SEC, the preponderance of the “State” and local Courts (which are all operated within unauthorized “military districts” overlaying our States of the Union), the DOJ, the US Treasury, and virtually every other apparatus of “government” in this country.

And it’s all illegal as a three-dollar bill.

While presenting itself as the “honorable soldiery” of our nation, these treasonous bastards have in fact been operating as mercenary forces for hire ever since the 1860’s---all without telling anyone, of course.

United States of America – The Arkansas Assembly

While hypothecating debt against our assets at home via unnecessary and unwanted “salvage” operations, they’ve self-generated more than two hundred and fifty armed mercenary conflicts in which they have waged war for profit using American assets --- our lives and natural resources --- to attach and pillage other nations that posed no harm or threat to us.

They made a mockery out of the word “defense” and the only authorization, mission, or contract they ever had was to defend this country from attack.

Throughout all of this, they have used a process of establishing “Territorial Custody”, that is, armed occupation by British Territorial United States Mercenary forces, under the False Presumption that either the civilian government was in disarray and under “reconstruction” --- the excuse they used for their actions here in the States --- or, that no civilian government existed, which is what they did in Australia and elsewhere once the nasty old Colonial Commonwealth System was supposed to be dissolved, but never really was --- thanks to them.

Now it’s all coming home to roost, flat on the Pope, “King” Charles, the Lord Mayor of the Inner City of London, and most of all, the DOD, INC.

The world Can now see just what lousy, dishonest, self-serving, dishonorable, violent, greedy, and criminal elements have infested the British Privy Council and Parliament, and foisted themselves off as our “Presidents” and members of our Congress.

The important take home point is that they never really were acting in our Public Offices and were never any sort of “honorable national soldiery” at any point from 1860 onward.

The DOD, INC. is a rogue Municipal Corporation, pure and simple.

It’s owned and controlled by the Pope and the Roman Curia, and it’s their responsibility under Ecclesiastical Law to liquidate it –permanently— for Cause.

The Cause is innumerable unlawful acts of fraud, violence, pillaging, privateering, inland piracy, armed racketeering, impersonation, barratry, conspiracy against our Government and our Constitutions, human trafficking, political misrepresentation, malfeasance, war profiteering, illegal hypothecation of debt for non-consensual “services”, phony salvage claims in Admiralty venues, false claims of custodial interest, promotion of unauthorized military districts and military district courts functioning as clandestine for-profit private bill collection agencies, fraudulent misrepresentation of private corporation elections as public elections, theft and commandeering of American assets under color of law, extortion, direct illegal occupation of our States of the Union and over two dozen other sovereign nations, including Japan and most of Western Europe and the former Commonwealth nations.

United States of America – The Arkansas Assembly

This foreign commercial corporation in the business of providing mercenary services for hire is what we have had squatting in Washington, DC., stealing us blind and pretending to protect us as “our” Department of Defense/DOD. It is totally responsible for the illegal proliferation of bioweapons and their deployment against innocent civilian populations worldwide, the illegal and unlawful and unauthorized “opening” of our Southern Border, the unauthorized “North American Union” and an endless litany of evil, foreign, un-American, and unlawful activities designed to pillage our States and our people.

At no time has the Municipal Government had any authority to do any of this under any Constitution or Service Contract or Treaty allowing its existence. The intent of the provisions allowing a plenary oligarchy to exist in the Municipality of Washington, DC, was clearly stated and debated in public.

There can be no doubt that the members of any “Congress” acting as the government of the Municipality of Washington, DC, are obligated to provide a neutral meeting space for the conduct of business, no more, no less, and while they were afforded a great deal of latitude in the accomplishment of this duty, it is nonetheless less a duty and not a privilege or prerogative allowing them to establish an independent, international city-state on our shores and use it to wage war and cause trouble for their employers.

No such independent, international city-state was ever authorized by the States and People of this country and no contract allowing its existence on our shores exists; instead, the members of the Territorial “Congress” have largely overstepped any authority ever granted to them and the use permits allowing the existence of the District of Columbia and the Municipality of Washington, DC, have both been violated.

Whereupon we are calling for the absorption of the District of Columbia and the Municipality of Washington, DC., back into the States of the Union from which they were set aside and permitted to exist. Such provisions for a “Federal Government” which continue to exist can be provided by our unincorporated Federation of States, directly, as it was from 1776 to 1781. No custodial interest by any Territorial entity, much less any Municipal entity, can be justified under the present scenario.

If the Principals responsible for the existence and operations of these “governmental services corporations” cannot operate them peacefully and honestly and within the confines of the stipulations originally granted, then they all need to clear off our shores and consider themselves what they are--- foreigners engaged in illegal commercial activities, subject to immediate arrest, deportation, and deprivation of any property rights or service contracts.

The Residence Act of 1790 is subject to immediate repeal.

United States of America – The Arkansas Assembly

The January 6th Prosecutions, aka, Witch Hunts, are illegal, immoral, and unlawful and must be brought to an immediate and voluntary halt. The prisoners must be released and all untoward and hostile activities hosted by the “DOD” and its adjuncts including the “DOJ” must cease and desist.

Unlike the looters and destroyers of the 2020 riots who have yet to be addressed for their crimes against this country, the January 6 protesters destroyed nothing and had every right to be present in “their” federal capitol.

Release those political prisoners immediately.

We have no interest in the politics of our Employees and could give a fig about Donald Trump or Joseph R. Biden, both of which are treading very thin ice; but we do care about the rightful functioning of our subcontractors and the proper use of our assets for their appointed and proper purposes.

Any “federal” employee, including any General or Admiral working for DOD, INC., who doubts who is Boss around here needs to get an earful ---any eyeful --- right about now. The States of the Union are in Session.

We wish for the FBI Agents and Capitol Police who infiltrated the crowd and encouraged the so-called “capitol breach” to be arrested and prosecuted for entrapment and for inciting a riot that would otherwise not exist.

It’s the members of the “Territorial” Congress owned by the DOD, INC. that have no right to sit in those chairs under False Pretenses, and no right to attach, prosecute, or inflict any deprivation of rights under color of law against any American using private police “powers” that don’t exist and which were never granted to them.

The intent of the existence of the District of Columbia and the Municipal Government within it, is to provide a seat for our federal government operations that is neutral and readily available to the subcontractors and to the foreign governments of the States alike. It is not to create a separate country within a country within a country, all run by commercial corporations that have no right to do any of this.

We deny any claim made by anyone anywhere that our States provided more than a Use Permit with clear stipulations as regards both the District of Columbia and the Municipality of Washington, DC. If the denizens thereof think that they are by law magic no matter what, in a legitimized position to prosecute and deny the contractual guarantees owed to their Employers, it’s time for them all to vacate and consider themselves unemployed.

United States of America – The Arkansas Assembly

This is being plainly stated before our federal employees and the governments of the world and all the commercial corporations that are subject to our liquidation demands.

No commercial corporation including the “DOD, INC.” has any standing to misaddress the American States and People, to impose any condition of “war” upon us, to presume against their employers in any way, or assume any custodial interest related to us and our operations not specifically granted in writing.

This means, among other things, that no, we don’t have to register our private cars and trucks to please anyone or provide collateral for “government” operations. We don’t have to apply for any Driver License or Marriage License or Medical License to enjoy our freedom to travel, to establish family relationships, and ply our professions on our own soil ---and anyone who thinks otherwise is due for a Pink Slip.

These matters have already been decided by the United States Supreme Court and there is no other “interpretation” or “discretionary” power available to the DOD, INC. or any of its subsidiary organizations, including the FBI, INC., otherwise.

To all former U.S. Veterans and members, of the “DOD, INC.” including the members of the Territorial Congress ---if you can’t do your jobs and do them honorably ---go home and stay there.

We note that the “FBI”---which is just another private commercial corporation hiding under the DOD, INC. Umbrella --- is hounding people in Montana and Arkansas for not registering their private cars and not accepting “Driver Licenses”. And stupid men hired by private corporations as “Sheriffs” when they are not actually Sheriffs at all, are preparing to assault these Americans.

Note that you, Federal Employees and federally –connected Employees, too--- all corporate franchises of the DOD, INC., have no power granted to any of you to comment on our private property assets, much less presume to enforce the rules of your commercial corporations on people who are NOT your employees or dependents within the borders of our States.

You need to keep your noses clean and do your actual jobs or we will liquidate every single commercial corporation operating under the DOD, INC. Umbrella and send all of you home, not eligible for rehire.

Also not that all questions related to “Driver Licensing” were resolved in the favor of the people of this country by the United States Supreme Court over a hundred years ago and nothing has changed. It’s not your business not your cars, and not your right to say or do anything about our private use of public roads and other facilities that we own and that we paid for Period.

United States of America – The Arkansas Assembly

Is that clear enough for all would-be petty despots in the employment of a foreign commercial corporation dba: DEPARTMENT OF DEFENSE?

DOD, INC. as the owner-operator of the DOJ and the FBI needs to properly instruct these franchises and their operators, including the Territorial State-of-State **Governors** and members of the Territorial "Congress" ---regarding the rights and prerogatives of the American States and People. That is the very least that it can do while awaiting its well-deserved liquidation.

We are not putting up with any stretching of the meaning and intent of the interstate commerce clause, no more forced "registrations" of anyone or anything, no more unauthorized operation of the Municipality of Washington, DC, as an independent, international city-state, no more deprivation of rights under color of law, no more phony corporation elections substituted for public elections, no more illegal foreign Territorial military "occupation" by our own employees, no more false claims of phony commercial "wars" against this, that, and the other thing on our soil, no more exercise of merely-presumed-to-exist "discretionary powers", or "emergency powers" and no presumed-to-exist custodial interest in us, our States, and our assets.

It's over. The Great Fraud is done for. We claim all assets of the offending corporations and demand their immediate liquidation in our favor as the Priority Creditors and Primary Secured Parties since 1776. This is being addressed directly to the Principals responsible via the Vatican Chancery Court.

This Notice is also being provided to all Territorial and Municipal Employees and members of their "State of State" governmental services corporations by Anna Maria Riezinger, Fiduciary for the unincorporated Federation of States, d.b.a.: The United States of America.

International Peace Proclamation

Be it known to All to Whom these Presents come: an International Peace Treaty has been established ending all hostilities related to The American Civil War which unofficially began in 1861 with an Executive Declaration issued by then-Territorial President Abraham Lincoln.

Grand Peace Treaty of the States

Insomuch as a mercenary conflict known as The American Civil War was engendered and fought by members of the Confederation of States existing in 1860, and that conflict has been left unresolved, now let it be agreed and declared that this Grand Peace Treaty of the States has been approved by the Owner States and has been established and bound upon these Several Parties by mutual Treaty Agreement among these and among the Several States now existing, and also applies to all Subcontractors and Employees exercising Delegated Powers:

Agreement 1: That all States and all Confederate States now or in future existing agree to an immediate and permanent cessation of hostilities connected in any way to The American Civil War;

Agreement 2: This cessation of hostilities and resulting peace extends on the soil, in the air, on the land, and at sea, and is also an obligation of all those exercising delegated powers on behalf of our States;

Agreement 3: All the States then-existing and existing now, have abolished by Roll Call Vote all forms of slavery and peonage within their borders, within their Territories and Possessions, and within the realm of their intellectual properties, so that no more legal presumptions, exclusions, or suppositions may be used to evade the paramount provisions of our Organic and Public Laws;

Agreement 4: All the States then-existing and existing now, agree via this Grand Peace Treaty of the States to uphold this peace both within and without their borders and to forever end and release the disputes arising from The American Civil War, and to return all States to their natural status and sovereignty as States of the Union without exception and according to the Equal Footing Doctrine;

Agreement 5: All States now existing agree that the votes of all State Members of the unincorporated Federation of States doing business as The United States of America are now and have remained valid without exception before, during, and after The American Civil War.

The Arkansas Assembly is in Session

Public Law A1010121

By Roll Call Vote of The United States of America in Assembly

It is hereby declared and recorded as Public Law of The United States of America that no person or Person or PERSON of any kind shall in any respect claim to have any commercial or trade ownership interest in a living man or woman, baby, boy, or girl, by any means at all.

Re-labeling living men or women by the use of other descriptions such as "male" and "female", or via their acceptance of professional or other titles, or via their enrollment in offices of citizenry or personhood, shall not be used to confer undisclosed obligations upon them, nor shall any such means be used to convert the nature of living people, so as to excuse their abuse as animals or inanimate things.

This prohibition established as Public Law restricts the use of copyrights, trademarks, and patents to establish ownership interests in living things, and in particular forbids the use of patents to create or enforce any commercial or trade ownership interest in living men and women as Genetically Modified Organisms.

The injection or other introduction of patented genetic products or other kinds of engineered products into living people or into their genome, whether this is done voluntarily or under force, shall carry no implications of any ownership interest in the recipient by the patent holder(s) and shall have no commercial value or trade value or use beyond the price of the product or procedure itself, and shall not affect the standing of the recipients as free and independent living men and women owed all natural and unalienable rights.

The interest that each unique man or woman holds in their own gifts and their own biological, intellectual, spiritual, and material assets is unlimited and cannot be abridged, bought, sold, traded, waived, or bartered.

Any corporation(s) or individual franchises(s) promoting any plan to convert living men and women into Genetically Modified Organisms or advancing ownership claims based on the receipt of patented genetic products or seeking to use living people and their assets as collateral based on such claims, shall be subject to immediate and permanent liquidation, stripping of the corporate veil, and prosecution of their officers for crimes against humanity.

This Public Law of The United States of America shall be effective immediately as of the first day of January in the year of 2021 upon final enrollment of concurring votes from the State Assemblies and shall continue in force and be placed upon our Federal Record as Public Law A1010121.

Attn: David Clay Fowlkes,

We are the Arkansas Assembly, the republican form of government in reconstruction. Our Assembly has sent written notice of who we are and where we stand as American State Nationals. Your office received our Ex Parte Milligan packet on 08-31-23 signed by your agent; enclosed is a copy of that return receipt card. We stand and operate within the Land and Soil Jurisdiction as a General Jurisdiction court guaranteed to the American people by the Constitutions. These courts are now in session and are the only courts proper to try the living people.

Our officials would greatly appreciate the opportunity to sit down with you to answer any questions you might have and to discuss our working together to ensure that all Principals and agents on both sides stay in their respective lanes.

Enclosed is an Indictment from the Arkansas Grand Jury. The Accused have been ordered by the Grand Jury to stand trial by petit jury in the Arkansas State Common Law Court. The Accused, along with any and all agents involved in the case, have also been ordered to cease and desist all action against Claimant. We welcome your input/direction to ensure both orders are promptly carried out upon receipt of this letter and that the Accused contact the Arkansas State Common Law Court to have their trial date scheduled within a reasonable time frame.

Please contact us by email to schedule a meeting.

v

INDICTMENT(S)

COUNT 1

The Grand Jury aforesaid, in the name and behalf of the American State Nationals on Arkansas State, charge and accuse **Joe Graham, Danny Thraikill, Meredith Switzer, Kara Ann Petro, Darryl Mahoney, and Michelle Coe Lawrence** with the crime of: **Malfeasance/derelection of duty** - in that said accused, in Arkansas State and in Garland County, on or about the 6th day of September, 2023, did unlawfully ignore challenge of jurisdiction when jurisdiction was challenged by claimant with common law due process, but no rebuttal/written correspondence occurred to prove jurisdiction even though multiple notices upon court of record were received by the accused (Melo v. US; Main v. Thiboutot; Basso v. Utah Power and Light Co.).

"Confession of Judgment" in common law is that, if the accused does not respond to all the notices and invoices given, it is considered a confession of judgment. It is a confession that all the notices that were sent and not responded to, are true and correct.

COUNT 2

The Grand Jury aforesaid, in the name and behalf of the American State Nationals on Arkansas State, charge and accuse **Joe Graham, Danny Thraikill, Meredith Switzer, Kara Ann Petro, Darryl Mahoney, and Michelle Coe Lawrence** with the crime of: **Theft and Unlawful Conversion** - A conversion of personal property occurs upon the unauthorized and wrongful assumption and exercise of dominion and control over the personal property of another to the exclusion of, or inconsistent with, the owner's rights, or any conversion not in accordance with

the law of the land (Pipes v. Hemingway). Unlawful conversion consists of one's identity having been trafficked into foreign jurisdictions of law and applied to foreign people, persons, or things; otherwise known as "a being or creature of the law" (ens legis), or the "stramineous homo" (strawman). - in that said accused, in Arkansas State and in Garland County, on or about the 6th day of September 2023, did an Unlawful Conversion of said claimant American State National's standing to that of mere U.S. citizenship. These acts are contrary to the laws of the Constitutions, and the good order, peace, and dignity thereof.

COUNT 3

The Grand Jury aforesaid, in the name and behalf of the American State Nationals on Arkansas State, charge and accuse **Joe Graham, Danny Thrailkill, Meredith Switzer, Kara Ann Petro, Darryl Mahoney, and Michelle Coe Lawrence** with the crime of: **Personage** - related to the crime of unlawful conversion as being deprived of lawful standing and identity; in that said accused on or about the 6th day of September 2023 did unlawfully Misidentify claimant as a British Territorial citizen and/or Municipal citizen of the United States Corporation; with the addition of being obligated to pay foreign debts. These acts are contrary to the laws of the Constitutions, and the good order, peace, and dignity thereof.

COUNT 4

The Grand Jury aforesaid, in the name and behalf of the American State Nationals on Arkansas State, charge and accuse **Joe Graham, Danny Thrailkill, Meredith Switzer, Kara Ann Petro, Darryl Mahoney, and Michelle Coe Lawrence** with: **Tort of Malicious Prosecution** - An action for malicious prosecution is the common law's response to the victim's cry for justice where a criminal prosecution was instituted contrary to law. Through the action for malicious prosecution the state is held accountable for the acts of the accused who do not enjoy absolute immunity for violating the liberty of the person and the human dignity arising from botched prosecution. The action, therefore, is an attempt at restoration in monetary terms, of those entrenched constitutional values. In the language of tort or delict, the claimant for such an action alleges wrongfulness: that the conduct of the accused was unlawful; that it failed the reasonableness test; and that it was motivated by improper purpose or malice. 1) That he/she was prosecuted by the accused. 2) That the prosecution was instituted against claimant without any just or reasonable cause. 3) That the prosecution was instituted with a malicious intention, that is, not with the mere intention of getting the law into effect, but with an intention, which was wrongful in fact. - in that said accused, in Arkansas State and in Garland County, on or about the 6th day of September, 2023, did unlawfully maliciously prosecute claimant by issuing warrants, fines, bonds, new cases, as a form of retaliation instead of deciding to prove Jurisdiction in the cases challenged. These acts are contrary to the laws of the Constitutions, and the good order, peace, and dignity thereof.
